As a powerful Elden Lord, one who has mastered the ways of the world and has governed in the Lands Between, you have been taken from your home and brought to a strange new world. Trapped between the lands of the living and those of the dead, life and death are bound together on a path of sacrifice that no one can escape. The story of the world you were born into is unknown. Only a portion of its past exists in the memories of those who still live. There were once lands between the world of the living and the world of the dead—a realm of wonder that only a few Elden have seen. But now, no one remembers the way to return to those lands, and the lands themselves are dying. A great power resides in the heart of an island in the Lands Between, and the people of the Lands Between have agreed to act together in order to collect its power. This is the end of the Elden World. Are you prepared to participate in this action?

Takao Abo: I love it when Nintendo creates unique titles for the 3DS, and I love the Elden Ring when I discover it. I need to play it now. With the simple controls, it was a joy to play this game. Swim Nishida: Takao Abo spoke of "Rise, Tarnished, and be guided by grace to brandish the power of the Elden Ring and become an Elden Lord in the Lands Between". The description of the game is good, but I think that there are too many words. Please translate all of the descriptions into english. Thank you. AbroadGamer: A unique RPG, in which the artificial intelligence adds a huge sense of mystery to every change in the game. It is also very moving to learn and experience the story, to learn about the relationship between your companions and yourself, and about the meaning of life. Takao Abo: I started playing in the beginning of the game, and I was able to understand what the music and the story was about. The high fantasy atmosphere of the original game is fully reproduced in the 3DS version. You will leave "THE END" without a solution. My final message. Swim Nishida: I feel that the part of "FINAL FANTASY" that is a work of extreme love has been captured. I recommend this game to those who like elaborate-fantasy-RPG. References: bff6bb2d33
