r-uesselsheim, germany the opel supervisory board today named dr. karl-thomas neumann chairman of the management board of adam opel ag, effective march 1. in addition, general motors appointed dr. neumann president of gm europe and gm vice president. he will become a member of gm's executive committee and is expected to play a key role in the global leadership of gm. gm is making

---

solid progress and has good momentum. our customer focus, the new cars, trucks and crossovers we launched in china and north america, technologies like onstar with 4glte and the revitalization underway at opel helped us achieve another record year, despite very challenging market conditions in different parts of the world, said gm ceo mary barra. the opel brand has been the german automaker's most successful brand in china. opel has recently positioned itself as an innovative market partner and advanced strategic mobility partner to consumers and mobility companies in china. the company's market growth in china is an important success factor for the overall strategy of gm. the company also
